

MONTHLY NEWSLETTER

Summary January

This January we brought 3 long stayers into UK foster- Mia, Luna and Molly. Lucky Mia and Luna have found their forever homes but Molly it still looking for hers!

We rescued 8 dogs from certain death at the Public Shelter in Barland and they are now safe at Scooby's.

Thanks to your generous donations we spayed 5 cats as part of our ongoing pledge to contribute to reducing the stray problem over in Romania.

We have raised emergency funds for animals in desperate situations including a very sick kitten and puppies abandoned in a box to die. Thanks to your amazing support these babies are now safe and recovering well!

Coming up

We are currently raising funds via our Valentine's Remembrance fundraiser. You can donate and place a balloon on the board to celebrate a loved one who is no longer with us ❤️

There are big plans for Scooby's as they are looking to build an outdoor play area and potentially more kennels. The play area will be so amazing to give our dogs some exercise and space to just be a normal dog!

Finally we are desperate to find more fosters in the UK as our animals have such success being re-homed here. Please contact us if this is something you'd be interested in, we'd love to answer your questions and get you on board if suitable!

As much as we plan ahead we know emergency situations will come up that are life and death for the animals involved. We can't let these poor animals down and we just wanted to say a HUGE THANK YOU for your ongoing support every time we are faced with these difficult situations, raising money in a short space of time. You guys are truly amazing.

CAT OF THE MONTH

Kaly

4 Months Old

Sweet Kitten who loves to play.
Very affectionate and loves a
fuss!

DOG OF THE MONTH

Stella

3 Years old

Medium in size

Sweet and gentle girl.
Quiet at first but loving once she
gets to know
you.

BEHAVIOUR ADVICE

LEADS

Until your dog is fully settled we always recommend keeping them on lead.

When your dog first arrives into your home it's especially important. We recommend double leading your dog with a lead attached to their harness and another attached to their collar or a slip lead for the first few weeks.

Once they are settled and you're ready to teach them some recall we recommend you get them a long line. These come in all different lengths and are incredibly useful to give your dog some freedom whilst still giving you some security to grab the lead if you need to.

Remember every dog is different they need time to get used to you, the world outside is very different. Take it at their pace just because other dogs can go off lead from being a puppy doesn't mean it's what the dog in front of you needs. Their safety should be your number one priority.
